2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: CalEPA - California Air Resources Board	
Name of Proposed Regulation: Advanced Clean Cars II	Projected Date of Notice of Proposed Action: May 2022
CCR Title and Sections Affected: Title 13, 1961.4, 1962.2, 1962.3, 1962.4, 1962.5, 1962.6, 1962.7, 1962.8, 1962.9, 1969, and associated test procedures	Statute(s), Propositions or Court Decision Being Implemented: Cal. Health & Saf. Code 38562, 38562.5, 38565, 39003, 39600, 39601, 43013, 43018, 43018.5, 43100, 43101, 43102, 43104, 43105, 43106, 43205, 43205.5
Brief summary of the proposed regulation (1 paragraph or less): The Advanced Clean Cars II regulation will establish the next set of low- and zero-emission vehicle requirements to help meet federal and state ambient air quality standards and California's carbon neutrality targets. The main objectives are: 1) maximize real-world reductions in air pollutants through more stringent and effective low-emission vehicle standards, and 2) accelerate the transition to zero-emission vehicles by requiring increasing sales of such vehicles and associated actions to support their wide-scale adoption and use.	Contact Person: Shobna Sahni
	Email Address: shobna.sahni@arb.ca.gov
	Telephone Number: 951-542-3369
	Mailing Address: 1001 I Street Sacramento, CA 95814

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: CalEPA - California Air Resources Board	
Name of Proposed Regulation: In-Use Locomotive Regulation	Projected Date of Notice of Proposed Action: July, 2022
CCR Title and Sections Affected: 13 CCR Chapter 9, Article 8, Section 2478	Statute(s), Propositions or Court Decision Being Implemented: Health & Safety Code §§ 43013, 43018, 39650, 39658, 39666, 39667
Brief summary of the proposed regulation (1 paragraph or less): The proposed In-Use Locomotive Regulation will reduce criteria pollutants, toxic air contaminants, and greenhouse gas emissions from locomotives in-use throughout California. The proposed Regulation would require all California locomotive operators to deposit funds into an established spending account. Deposit amounts are based on annual California operations and locomotive engine emissions. Funds held in the spending account may only be used to purchase, re-power, or test/develop the cleanest locomotives (Tier 4 until 2030 and zero emission 2030+). Starting in 2030, only locomotives less than 23 years may operate in California. Additionally, all Switch, Industrial and Passenger Locomotives with original engine build dates of 2030 or later and all Line Haul Locomotives with original engine build dates of 2035 or later must be zero emission to operate in California. The proposed Regulation would also establish a 30 minute idling limit and reporting requirements. This is the first of two hearings. The second hearing will be held in the first quarter of 2023.	Contact Person: Layla Gonzalez
	Email Address: Layla.Gonzalez@arb.ca.gov
	Telephone Number: (279) 208-7827
	Mailing Address: 1001 "I" Street Sacramento CA, 95814

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: CalEPA - California Air Resources Board	
Name of Proposed Regulation: Amendments to the Airborne Toxic Control Measure (ATCM) for Chromium Plating and Chromic Acid Anodizing Facilities	Projected Date of Notice of Proposed Action: August, 2022
CCR Title and Sections Affected: 93102-93102.16	Statute(s), Propositions or Court Decision Being Implemented: Health & Safety Code: 39600, 39601, 39650, 39658, 39659, and 39666
Brief summary of the proposed regulation (1 paragraph or less): Staff will present for Board consideration amendments to the chrome plating ATCM that will reduce emissions of hexavalent chromium through the requirement for facilities to use alternative technology to replace hexavalent chromium plating in all industries where it is feasible to do so. The action will also reduce the need for perfluorinated and polyfluorinated (PFAS) containing fume suppressants. Additional amendments may include best management practices, source testing requirements, and changes to housekeeping and reporting requirements to address potential fugitive emissions in industries that still use hexavalent chromium. A technology review will be included to review the feasibility of replacement technology.	Contact Person: Eugene Rubin
	Email Address: eugene.rubin@arb.ca.gov
	Telephone Number: 916-287-8214
	Mailing Address: 1001 I Street Sacramento, CA. 95814

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: CalEPA - California Air Resources Board	
Name of Proposed Regulation: Advanced Clean Fleets (ACF) Regulation	Projected Date of Notice of Proposed Action: October, 2022
CCR Title and Sections Affected: Title 13 CCR 2013-2016	Statute(s), Propositions or Court Decision Being Implemented: HSC 38500, 39600, 39601, 43100, 43013, 43018
Brief summary of the proposed regulation (1 paragraph or less): The ACF regulation will require drayage trucks, public fleets, and high priority fleets to purchase or deploy zero-emission vehicles to further accelerate the market for zero-emission trucks and buses and would end combustion-powered truck sales in California. The ACF regulation is part of a comprehensive statewide strategy to reduce emission from transportation to improve air quality, protect public health with a focus on disadvantaged communities, and meet climate goals including economy-wide carbon neutrality by 2045 and to achieve a full zero-emission fleet by 2045 where feasible.	Contact Person: Paul Arneja
	Email Address: paul.arneja@arb.ca.gov

	Mailing Address: 1001 I Street Sacramento, CA 95814

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: CalEPA - California Air Resources Board	
Name of Proposed Regulation: Proposed Amendments to On-Road Motorcycle Emissions Standards	Projected Date of Notice of Proposed Action: October, 2022
CCR Title and Sections Affected: 13 CCR § 1958,1976	Statute(s), Propositions or Court Decision Being Implemented: HSC §39003, 43000, 43013, 43100, 43101, 43104, 43107
Brief summary of the proposed regulation (1 paragraph or less): This regulation will require lower exhaust and evaporative emissions limits and new test procedures for on-road motorcycles starting in 2024, which will provide necessary emissions reductions from this category. This regulation will also require that 50% of all new motorcycles sold must be zero emission motorcycles (ZEMs) by 2035. To facilitate the transition to ZEMs, the regulation will establish a credit system to give industry flexibility in meeting the sales thresholds.	Contact Person: Scott Bacon
	Email Address: Scott.bacon@arb.ca.gov
	Telephone Number: (279) 842-9122
	Mailing Address: P.O. Box 2815, Sacramento, CA 95812

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: CalEPA - California Air Resources Board	
Name of Proposed Regulation: Amendments to the In-Use Off-Road Diesel-Fueled Fleets Regulation	Projected Date of Notice of Proposed Action: November, 2022
CCR Title and Sections Affected: Title 13 section 2449, 2449.1 et. seq.	Statute(s), Propositions or Court Decision Being Implemented: <small>Health and Safety Code sections 39002, 39515, 39516, 39600, 39601, 39602, 39659, 39667, 40000, 41511, 42400, 42400.1, 42400.2, 42400.</small>
Brief summary of the proposed regulation (1 paragraph or less): The proposal will amend the Regulation for In-Use Off-Road Diesel-Fueled Fleets. This regulation applies to any person, business, or government agency who owns or operates within California any vehicle with a diesel-fueled or alternative diesel fueled off-road compression-ignition engine with a max horsepower (hp) of 25 hp or greater, provided that the vehicle cannot be registered and driven safely on-road or was not designed to be driven on-road. The proposed amendments include a ban on the operation of vehicles with Tier 0 - Tier 2 off-road certified engines, a ban on adding vehicles with Tier 3 or Tier 4 interim off-road certified engines, and a requirement to use renewable diesel, if available. The proposal also includes requirements for entities that award public works projects to verify they are awarding projects only to fleets in compliance with the regulation, and for prime contractors to verify vehicle compliance at job sites in California and report any non-compliance to the California Air Resources Board.	
Contact Person: Nathan Dean

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: CalEPA- California Air Resources Board	
Name of Proposed Regulation: Amendments to the Low Carbon Fuel Standard	Projected Date of Notice of Proposed Action: February, 2023
CCR Title and Sections Affected: <small>Title 17, Division 3, Chapter 1, Subchapter 10, Article 4, Subarticle 7, Low Carbon Fuel Standard (Sections Affected: 95480-95503)</small>	Statute(s), Propositions or Court Decision Being Implemented: <small>California Global Warming Solutions Act of 2006 (Health & Safety Code, section 38500 et seq.), Health & Safety Code, section 39600, and Hea</small>
Brief summary of the proposed regulation (1 paragraph or less): The Board will consider amendments to the Low Carbon Fuel Standard (LCFS) program in 2023. The LCFS is designed to decrease the carbon intensity of California's transportation fuel pool and provide an increasing range of low-carbon and renewable fuel alternatives, which reduce petroleum dependency and achieve air quality benefits. CARB staff plan to amend the regulation in 2023 to further support the Governor's zero emission vehicle executive order (EO N-79-20) as well as California's legislatively mandated GHG emission reduction targets and efforts to achieve carbon neutrality.	Contact Person: Jordan Ramalingam
	Email Address: jordan.ramalingam@arb.ca.gov

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: CalEPA - California Air Resources Board	
Name of Proposed Regulation: Proposed Zero-Emission Forklift Regulation	Projected Date of Notice of Proposed Action: April, 2023
CCR Title and Sections Affected: Title 13	Statute(s), Propositions or Court Decision Being Implemented: 13 CCR Chapter 9, Article 4.8 , 13 CCR Chapter 15, Article 2, new 13 CCR Chapter 16, and Cal. Health & Safety §§ 39002, 39600, 39650, 39656, 39658, 39659, 39666, 39667, 39674, 41511, 42400 et seq., 43013, 43016, 43018.
Brief summary of the proposed regulation (1 paragraph or less): Staff will present for Board consideration the adoption of a new regulation that would require, where feasible, the transition of California's forklift fleet from internal combustion engines to battery-electric and fuel-cell powertrains. The measure is identified in CARB's State Implementation Plan, CARB's 2016 Mobile Source Strategy, CARB's 2020 Mobile Source Strategy, CARB's 2016 Sustainable Freight Action Plan, and is aligned with the directives set forth in the Governor's Executive Order N-79-20. 2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: Department of Pesticide Regulation, Environmental Monitoring Branch	
Name of Proposed Regulation: 1,3-Dichloropropene Mitigation	Projected Date of Notice of Proposed Action: August 2022
CCR Title and Sections Affected: 3 CCR, various sections	Statute(s), Propositions or Court Decision Being Implemented: FAC §11456
Brief summary of the proposed regulation (1 paragraph or less): Propose to adopt or amend regulations addressing potential cancer risks to bystanders from the use of 1,3-Dichloropropene.	Contact Person: Minh Pham
	Email Address: Minh.Pham@cdpr.ca.gov
	Telephone Number: 916-445-0979
	Mailing Address: 1001 I Street, P.O. Box 4015 Sacramento, CA 95812-4015

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: State Water Resources Control Board, Division of Drinking Water, Regulatory Development Unit	
Name of Proposed Regulation: Hexavalent Chromium Maximum Contaminant Level	Projected Date of Notice of Proposed Action: May 2022
CCR Title and Sections Affected: 22 CCR 64431, 64432, 64447, 64465, and 64481	Statute(s), Propositions or Court Decision Being Implemented: <small>HSC 116270, 116271, 116275, 116350, 116365, 116365.5, 116370, 116375, 116385, 116450, 446460, 116550, 116555</small>
Brief summary of the proposed regulation (1 paragraph or less): HSC 116365 requires the State Water Board to adopt primary drinking water standards at levels as close as feasible to the corresponding public health goals as is technologically and economically feasible, while placing primary emphasis on the protection of public health. The State Water Board is proposing to adopt primary drinking water standards for hexavalent chromium, consistent with and meeting the requirements of HSC section 116365. The proposed regulations would include a maximum contaminant level, a detection limit for the purposes of reporting, best available technologies, public notification content and requirements, and consumer confidence report language to replace those invalidated by the Sacramento Superior Court's judgment for case No. 34-2014-80001850.	Contact Person: Melissa Hall
	Email Address: melissa.hall@waterboards.ca.gov
	Telephone Number: (916) 591-3018
	Mailing Address: P.O. Box 100 [95812-0100] 1001 I Street, 17th Floor Sacramento, CA 95814

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: Board of Forestry and Fire Protection	
Name of Proposed Regulation: Defensible Space Regulations	Projected Date of Notice of Proposed Action: September 1, 2022
CCR Title and Sections Affected: 14 CCR Sec 1299 et seq.	Statute(s), Propositions or Court Decision Being Implemented: PRC 4290, 4291, 4291.3
Brief summary of the proposed regulation (1 paragraph or less): The purpose of the potential action is to provide guidance for implementing the defensible space criteria of existing statute, Public Resources Code Section 4291, and minimize the spread of fire around a building or structure.	Contact Person: Edith Hannigan
	Email Address: edith.hannigan@bof.ca.gov
	Telephone Number: (916) 653-2928
	Mailing Address: PO Box 944246 Sacramento, CA 94244

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: Board of Forestry and Fire Protection	
Name of Proposed Regulation: Utility Clearance Exemptions	Projected Date of Notice of Proposed Action: September 1, 2022
CCR Title and Sections Affected: Title 14, Secs. 1251, 1252.1, 1255, 1257, 1258,	Statute(s), Propositions or Court Decision Being Implemented: PRC 4125-4128, 4290, 4292, 4293, 4296
Brief summary of the proposed regulation (1 paragraph or less): California Public Resources Code (PRC) sections 4292 and 4293 require any person that owns, controls, operates, or maintains any electrical transmission or distribution line upon any mountainous land, or forest-covered land, brush-covered land, or grass-covered land, to maintain firebreaks around certain electrical equipment, including poles or towers and conductors carrying electrical current. The Board is provided the authority in these statutes to permit exceptions from these requirements. The purpose of the proposed action is to revise the clearance exceptions to reference modern electrical technology, clarify where and when these clearance requirements and exceptions apply, and to clarify what kinds of equipment is exempt from these requirements.	Contact Person: Edith Hannigan
	Email Address: edith.hannigan@bof.ca.gov
	Telephone Number: (916) 653-2928
	Mailing Address: PO Box 944246 Sacramento, CA 94244

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: California Energy Commission	
Name of Proposed Regulation: General Service Linear Fluorescent Lamps	Projected Date of Notice of Proposed Action: April 2022
CCR Title and Sections Affected: Title 20, Sections 1601-1609	Statute(s), Propositions or Court Decision Being Implemented: Public Resource Code Sections 25213, 25218 and 25402(c)
Brief summary of the proposed regulation (1 paragraph or less): The proposed regulations will provide energy efficiency standards for four types of linear fluorescent lamp not covered by federal standards. These include: (1) impact-resistant linear fluorescent lamps, (2) linear fluorescent lamps with a color rendering index (CRI) of 87 or greater, (3) 2-foot linear fluorescent lamps, and (4) 3-foot linear fluorescent lamps.	Contact Person: Soheila Pasha
	Email Address: soheila.pasha@energy.ca.gov
	Telephone Number: (916) 337-7988
	Mailing Address: 715 P Street Sacramento, CA 95814

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: California Energy Commission	
Name of Proposed Regulation: Landscape Irrigation Controllers	Projected Date of Notice of Proposed Action: July 2022
CCR Title and Sections Affected: Title 20, Sections 1601-1609	Statute(s), Propositions or Court Decision Being Implemented: Public Resource Code Sections 25213, 25218 and 25402(c)
Brief summary of the proposed regulation (1 paragraph or less): The CEC proposes regulations on test methods and water conservation performance standards for landscape irrigation controllers to require all landscape irrigation controllers to adjust irrigation schedules in response to weather-based and/or soil moisture conditions to maintain an adequate soil moisture balance.	Contact Person: David Johnson
	Email Address: david.johnson@energy.ca.gov
	Telephone Number: 650-283-7535
	Mailing Address: 715 P Street Sacramento, CA 95814

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: California Energy Commission	
Name of Proposed Regulation: Flexible Demand Appliance Standards	Projected Date of Notice of Proposed Action: August 2022
CCR Title and Sections Affected: Title 20, Sections (TBD)	Statute(s), Propositions or Court Decision Being Implemented: Public Resource Code Sections 25213, 25218 and 25402(f)
Brief summary of the proposed regulation (1 paragraph or less): The CEC is proposing a new Chapter 4.1, Article 1 in Title 20 to implement Senate Bill 49 (SB 49, Chapter 697, Statutes of 2019). SB 49 directs the CEC to establish standards and labeling requirements “to facilitate the deployment of flexible demand technologies” for appliances. These standards and labeling requirements encompass technical measures taken by energy customers, third parties, load-serving entities, or a grid balancing authority (with customers’ consent) “that will enable appliance operations to be scheduled, shifted, or curtailed to reduce emissions of greenhouse gases associated with energy generation.”	Contact Person: Nich Struven

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: California Energy Commission, Fuels and Transportation Division	
Name of Proposed Regulation: Replacement Tire Efficiency Program	Projected Date of Notice of Proposed Action: December 2022
CCR Title and Sections Affected: Title 20, Division 2, Chapter 4, Article 10, Sections 1690-1699	Statute(s), Propositions or Court Decision Being Implemented: Public Resources Code Sections 25771 and 25772
Brief summary of the proposed regulation (1 paragraph or less): The California Energy Commission (CEC) seeks to establish a regulation for the efficiency of replacement tires for passenger cars and light-duty trucks. Assembly Bill 844 directs the CEC to: develop and adopt a program to collect and maintain a database of information about the fuel efficiency of replacement tires; set minimum energy efficiency standards for such tires sold in California to ensure that replacement tires sold in the state are at least as energy efficient, on average, as tires sold in the state as original equipment on new passenger cars and light-duty trucks; and provide consumer information about fuel efficient tires.	Contact Person: Tim Olson
	Email Address: tim.olson@energy.ca.gov
	Telephone Number: 916-654-4528
	Mailing Address: 715 P Street Sacramento, CA 95814

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: Department of Fish and Wildlife / Office of Spill Prevention and Response	
Name of Proposed Regulation: Response and Contingency Planning for Renewable Fuels	Projected Date of Notice of Proposed Action: TBA
CCR Title and Sections Affected: 14 CCR 790; 791-798; 815.01-817.03; 817.04; 820.01; 820.02; 825.01-827.02, et al.	Statute(s), Propositions or Court Decision Being Implemented: AB 148 (ch. 115, stat. 2021)
Brief summary of the proposed regulation (1 paragraph or less): Statutory changes were made in response to the evolving replacement of traditional petroleum fuels with renewable fuels. Planning and preparedness for renewable fuel spills is critical for protecting the environment from such incidents. To implement changes to the Government Code brought about by Assembly Bill 148, OSPR will revise the definition of 'oil' to include renewable fuels. Additionally, requirements for contingency planning, response, and financial responsibility will be expanded to apply to owners and handlers of renewable fuels.	Contact Person: Christine Kluge, Regulations Analyst
	Email Address: christine.kluge@wildlife.ca.gov

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: California Highway Patrol, Commercial Vehicle Section	
Name of Proposed Regulation: Electronic Logging Devices for Intrastate Motor Carriers and Drivers	Projected Date of Notice of Proposed Action: November 20, 2022
CCR Title and Sections Affected: Title 13, Sections 1213 & 1213.2	Statute(s), Propositions or Court Decision Being Implemented: Sections 31401, 34501, 34501.2, 34501.5, & 34508 Vehicle Code
<p>Brief summary of the proposed regulation (1 paragraph or less): Current federal regulation contained in Title 49, Code of Federal Regulations (CFR) requires states to remain compatible with federal regulations. Current state regulations contained in Title 13 of the California Code of Regulations, Sections 1213 and 1213.2 are currently in jeopardy of federal preemption. Therefore, an amendment is needed to create consistency between state and federal regulations. State regulations do not address or require the use of an Electronic Logging Device (ELD) as a method for recording a driver ' s record of duty status (RODS) for intrastate motor carriers and drivers; therefore, they are not compatible with federal regulations. In order for the California Highway Patrol (CHP) to fulfill the mandate established in Section 34501(a) of the California Vehicle Code, and be in compliance with federal law, the CHP must align RODS requirements.</p> <p>The use of ELDs would improve commercial motor vehicle safety by improving compliance with the applicable hours-of-service rules and reduce the overall paperwork burden for both motor carriers and drivers. Additionally, this rulemaking will serve to align state regulations with federal regulations. This rulemaking would adopt Title 49, CFR, Part 395, as it applies to driver's RODS.</p>	Contact Person: Kasonja Pochop

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: California Department of Public Health, Center for Healthy Communities, Childhood Lead Poisoning Prevention Branch	
Name of Proposed Regulation: DPH 18-007 Lead Exposure Risk Factors	Projected Date of Notice of Proposed Action: 09/30/22
CCR Title and Sections Affected: California Code of Regulations, title 17, Chapter 9, § 37000 - 37205	Statute(s), Propositions or Court Decision Being Implemented: Health and Safety Code, § 124125 – 124165 and § 105275 - 105310
Brief summary of the proposed regulation (1 paragraph or less): This proposal adds definitions, expands the existing standard of care for screening children at risk of lead poisoning to include significant environmental risk factors, clarifies health care providers' duties under the standard, and details the Childhood Lead Poisoning Prevention Program's (CLPP Program) policies for services provided to a child with an elevated blood lead level. This regulatory action is necessary to increase identification of children at risk for lead poisoning and provide them with appropriate treatment and to remain in compliance with the Health and Safety Code.	Contact Person: Cynthia Armour
	Email Address: cynthia.armour@cdph.ca.gov
	Telephone Number: (510) 620 5627
	Mailing Address: 850 Marina Bay Parkway Building P, Third Floor Richmond CA 94804

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: DIR/Occupational Safety and Health Standards Board	
Name of Proposed Regulation: Lead; Airborne Contaminants	Projected Date of Notice of Proposed Action: May 2022
CCR Title and Sections Affected: Title 8, Sections 1532.1;5198; 5155	Statute(s), Propositions or Court Decision Being Implemented: LC 142.3; LC 6717.5
Brief summary of the proposed regulation (1 paragraph or less): Existing requirements in Sections 1532.1, 5198, and 5155 are based on lead toxicity information and medical and epidemiological data that are now more than 40 years old. To more adequately protect employees, proposed changes would lower the Permissible Exposure Limit for lead from 50 µg/m ³ (micrograms per cubic meter) to 10 µg/m ³ , and the action level would be reduced from 30 µg/m ³ to 2 µg/m ³ . In addition, requirements would be added or changed to increase protection to employees, including in the areas of hygiene, medical surveillance, medical removal due to elevated blood lead levels, and training. 2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: DIR/Occupational Safety and Health Standards Board	
Name of Proposed Regulation: COVID-19 Prevention	Projected Date of Notice of Proposed Action: June 2022
CCR Title and Sections Affected: Title 8, New Sections 3205, 3205.1, 3205.2, 3205.3	Statute(s), Propositions or Court Decision Being Implemented: Labor Code 142.3, 144.6 and 6409.6
Brief summary of the proposed regulation (1 paragraph or less): New Sections 3205, 3205.1, 3205.2 and 3205.3, COVID-19 Prevention, will be the permanent standard following the emergency regulation that has been in effect since November 30, 2020. These standards continue the effort to make workplace rules consistent with the latest requirements and recommendations from the California Department of Public Health (CDPH) to protect workers from COVID-19. The standards apply to most workers in California not covered by the Aerosol Transmissible Diseases standard.	Contact Person: Christina Shupe
	Email Address: cshupe@dir.ca.gov
	Telephone Number: (916)274-5721
	Mailing Address: OSHSB 2520 Venture Oaks Way Suite 350 Sacramento, CA 95833

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: DIR/Occupational Safety and Health Standards Board	
Name of Proposed Regulation: Residential Fall Protection	Projected Date of Notice of Proposed Action: September 2022
CCR Title and Sections Affected: Title 8, Sections 1716.2 & 1731	Statute(s), Propositions or Court Decision Being Implemented: Labor Code 142.3
Brief summary of the proposed regulation (1 paragraph or less): Proposed changes would lower the height at which fall protection is required for residential framing from 15 feet to 6 feet and for residential roofing from 15 or 20 feet to 6 feet to be commensurate with Federal OSHA's 6 foot trigger height for residential construction.	Contact Person: Christina Shupe
	Email Address: cshupe@dir.ca.gov
	Telephone Number: (916)274-5721
	Mailing Address: OSHSB 2520 Venture Oaks Way Suite 350 Sacramento, CA 95833

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: DIR/Occupational Safety and Health Standards Board	
Name of Proposed Regulation: Heat Illness Prevention in Indoor Places of Employment	Projected Date of Notice of Proposed Action: October 2022
CCR Title and Sections Affected: New Title 8, Section 3396	Statute(s), Propositions or Court Decision Being Implemented: Labor Code 142.3 & Labor Code 6720
Brief summary of the proposed regulation (1 paragraph or less): New Section 3396, Heat Illness Prevention in Indoor Places of Employment, will protect employees by making specific requirements to ensure that employers with indoor places of employment will take preventive steps ensuring that workers are better hydrated, have a better opportunity to break the heat illness cycle through cool-down breaks, are closely observed during acclimatization, are better trained, receive more timely emergency aid and in situations of significantly higher heat exposure are protected through a mandatory assessment and control measures. 2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: Franchise Tax Board - Legal Division	
Name of Proposed Regulation: Domestic Pass-Through Entity Withholding	Projected Date of Notice of Proposed Action: March 2022
CCR Title and Sections Affected: Title 18, Sections 18662-0 through 18662-8	Statute(s), Propositions or Court Decision Being Implemented: Rev & Tax Code 18662
Brief summary of the proposed regulation (1 paragraph or less): Franchise Tax Board hereby proposes to adopt CCR title 18, section 18662-7 and amend CCR title 18 sections 18662-0 through 18662-6 and 18662-8. The proposed regulation at 18662-7 relates to the requirement for domestic pass-through entities (including partnerships, limited liability companies taxed as partnerships, S corporations, and simple trusts) to withhold tax on behalf of nonresident owners, and changes the prior scheme of requiring pass-through entities to withhold on "distributions paid" to a nonresident owner to instead withhold on a nonresident owner's "distributive share" of the pass-through entity's California source income. The proposed regulation increases withholding rate from the flat 7 percent tax rate to the highest marginal tax rate, as well as add a safe harbor from the imposition of an information return penalty on an upper tier pass-through entity that certifies the late-filed Form 592-PTE is filed within 30 days of receiving a Form 592-B.	Contact Person: Leah Thyberg
	Email Address: leah.thyberg@ftb.ca.gov
	Telephone Number: (916) 845-3617
	Mailing Address: Franchise Tax Board Legal Division, MS A-260 P.O. Box 1720 Rancho Cordova, CA 95741-1720

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: Franchise Tax Board	
Name of Proposed Regulation: Market Based Rules for Sourcing Other than Tangible Personal Property	Projected Date of Notice of Proposed Action: April, 2022
CCR Title and Sections Affected: Title 18 section 25136-2	Statute(s), Propositions or Court Decision Being Implemented: Revenue and Taxation Code section 25136
Brief summary of the proposed regulation (1 paragraph or less): Franchise Tax Board hereby intends to amend California Code of Regulations Title 18 section 25136-2. These changes are in the interests of both taxpayers and the Franchise Tax Board in order to improve compliance and administrability both through simplification of the default market-based rule and through creating specific rules for certain professional service industries.	Contact Person: Thomas Lo Grossman
	Email Address: thomas.logrossman@ftb.ca.gov
	Telephone Number: 916 845-3629
	Mailing Address: Franchise Tax Board, Legal Department, PO Box 1720, Rancho Cordova, CA 95741

2022 CALIFORNIA MAJOR REGULATIONS CALENDAR

DF-130 (REV12/21)

Agency Name and Responsible Agency Unit: CalSavers Retirement Savings Board	
Name of Proposed Regulation: Registration Deadline for Newly-Eligible Employers	Projected Date of Notice of Proposed Action: July 1, 2022
CCR Title and Sections Affected: Title 10, Sections 10000, 10001, 10002, and 10004	Statute(s), Propositions or Court Decision Being Implemented: Title 21 of Government Code
Brief summary of the proposed regulation (1 paragraph or less): The proposed amendments include changes to adjust the registration deadline for newly-eligible employers, adjust eligibility criteria to allow employers to register sooner than currently allowed, reduce the data necessary for employer registration, clarify the registration deadline for eligible employers whose employee count fluctuates annually, adjust delivery deadlines to account for longer delivery times by the U.S. Postal Service, and correct a typographical error.
